

ELAINE HOAN

Elaine.hoan@mail.utoronto.ca

EDUCATION

2018 – Present **Honours B.Sc. | University of Toronto** | Co-op Psychology Specialist & Minor
in English Literature | Cumulative GPA: 3.96 | Major GPA: 4.00

RESEARCH EXPERIENCE

Project Coordinator | Dr. Marc Fournier 06/2021 – Present
University of Toronto

- **Grant Holder**

- Lead a project exploring the relationship between personality traits (Big 5), well-being, and meaning making during COVID-19
- Composed a research proposal to earn a \$3000 research grant from the UofT Global Engagement Award
- Composed a research ethics review proposal and created fliers for recruitment

The Erb Lab | Dr. Suzanne Erb 03/2021 – Present
University of Toronto

- **Research Assistant**

- Recruited participants through email for a study on stress, well-being, and reward sensitivity and tracked responses on Microsoft Excel
- Conducted a literature review on resilience, chronic stress, anxiety, and childhood adversity
- Proposed and collected data on survey questions related to social isolation and avoidance or approach behaviours during COVID-19

Consumer Psychology Lab | Dr. Cindy Chan 05/2020 – Present
University of Toronto & Rotman

- **Work-Study Student** (05/2020 – 08/2020)

- Facilitated an experiment over zoom and explained and guided participants through a study examining the effect of Active and Passive experiences on social connection
- Developed coding categories and coded 500 participant responses recalling social experiences

- **Research Assistant** (08/2020 – Present)

- Helped draft a successful SSHRC grant, a social experiences paper, and an ethics protocol
- Helped design experiments on dyadic collaboration/competition and the fear of missing out (FOMO)

- Conducted literature reviews on Cooperation/Collaboration and social experiences and activities
- **Independent Project Coordinator** (03/2021 – 07/2021)
 - Designed and pre-registered a study on Aspredicted examining the correlations between personality, cognitive beliefs, and political views
 - Programmed surveys on Qualtrics XM and collected data on SONA
 - Presented the project during a lab meeting

The Perlman Lab | Dr. Michal Perlman

Ontario Institute for Studies in Education (OISE) of the University of Toronto 05/2020 – Present

- **Research Assistant**
 - Conducted a literature review to compose an introduction for a paper on the conceptualization of creativity in early childhood education
 - Analyzed research articles on creativity and collaboration in children to extract data and code information for a meta-analysis
 - Composed and edited an introduction for a scoping review on collaboration between children
 - Managed the data collection and extraction process of a scoping review

St. Michael's Hospital | Dr. Jonathan Maguire

06/2020 – 05/2021

Toronto, Ontario

- **Research Student**
 - Entered patient information into secure databases (e.g., RAVE, REDCap) based on data entry guidelines to track predictors of diseases and health outcomes for the TARGET Kids! Project in collaboration with SickKids
 - Recruited participants for studies by providing explanations of consent forms, performing screenings for eligibility
 - Established a trusting relationship with families and children by remaining organized and understanding
 - Nominated and awarded as the top recruiter of the month three times for recruiting the most participants into studies

Emotion, Decision Making, and Morality Lab | Dr. Yoel Inbar

11/2019 – Present

University of Toronto

- **Lab Manager** (05/2020 – 08/2020)
 - Conducted a literature review on the emotion of disgust
- **Grant Holder** (11/2019 – 05/2020)
 - Composed and edited a grant proposal to win a \$1500 research grant
 - Conducted a literature review to cross-culturally analyze the factor structure (CFA, EFA, Invariance) of the Oxford Utilitarianism Scale and Individualism-Collectivism Scale
- **Senior Honours Thesis Student** (07/2021 – Present)
 - Designed and lead a research project exploring the interpersonal correlates of political extremists
